This Book is brought to you for free and open access by DigitalCommons@Cedarville, a service of the Centennial Library. It has been accepted for inclusion in Cedarville College Bulletin by an authorized administrator of DigitalCommons@Cedarville. For more information, please contact digitalcommons@cedarville.edu.

LIBRARY

The Cedarville College Library actively aids the College in fulfilling its spiritual, social, and practical objectives. By accumulating and organizing books, periodicals, newspapers, phonorecords, phonotapes, slides, films, filmstrips and other materials, the library conserves knowledge and ideas, and becomes an active force in the teaching, research, and extension programs of the College.

The library is beneficial to the students in many ways. In the spiritual realm the library offers Bible Commentaries, Bible versions, systematic theologies, and other books which are used extensively by students for devotional and inspirational purposes, for independent research, for assigned readings, and for aid in preparing and presenting Bible messages. There are nearly four thousand books available in this field.

Academically, materials are available which support or enrich the curriculum, and current newspapers and periodicals keep the students informed regarding recent national and international trends. The library also seeks to be of service to the various campus organizations, and to individuals in their development as members of society.

Practically, the library offers employment to the students, thus aiding them materially to acquire a college education. Experience may be gained in book repair, binding, indexing, and reference, circulation, or bibliographic services.

The college faculty as well as local pastors and community residents avail themselves of the services of the library. There are now approximately 14,000 books in the library, not including periodicals, newspapers, and pamphlets. This is an increase of 50% during the past ten years.

Even though a great deal has been done to improve our library it is still far from adequate. We should have at least three times the number of books now on the library shelves.

This goal cannot be reached without funds designated for the purchase of books. Accreditation will be impossible until our library meets the minimum standard.

Our readers interested in the improvement of our library should write to Mrs. Alberta Chaffe, the college librarian.

FACULTY

The new Registrar of Cedarville College comes from the state of Washington and has his Doctorate in Education. Dr. Clifford Johnson received his Doctor's Degree in June from the University of Washington in the field of Public School Administration.

Before coming to Cedarville he was an elementary school principal for several years. Prior to that he served as a pilot in the United States Air Force.

Along with his responsibilities as registrar, Dr. Johnson will be working with State Officials toward the goal of certified teacher training for Cedarville College. Dr. Johnson feels that this is the most important goal of the administration at this time.

When giving his personal testimony, Dr. Johnson observed, "The Lord has blessed me with the wonderful heritage of being born into a Christian home where the Word of God was upheld in word and deed. In such an environment, I soon accepted Jesus Christ as my Savior. Ever since I certainly have enjoyed the fullness of His blessings as He led me and directed my life through

many different useful experiences which convinced me years ago that my life might someday be used in Christian college teaching. Here I am at Cedarville!"

"In my brief stay here I admit my judgments might be biased, BUT I must say that I truly have seen one of the best Christian Colleges in action. If the Lord is leading you or someone you know toward a Christian liberal arts college, you definitely should consider Cedarville."

Mr. Max Dowell and his wife and daughter are new members of the Cedarville College family. They were formerly of Columbus, Ohio, where Mr. Dowell taught in Junior High School for 4 years.

With his B.S. and M.S. Degrees in Education Administration, Supervision, and Guidance, he will be working in the Psychology Department of the college.

Mr. Dowell says, "I feel that in all fields there is a definite need for people who are true to the Word of God. In this day of apostasy, modernism, and atheism, I want to do all that is possible to help train leaders who can oppose these three things."

Miss June Kearney is one of the two new faculty members in the Physical Education Department this fall. A graduate of Taylor University, she has her Bachelor of Science Degree in Health and Physical Education.

Coming from Newburyport, Massachusetts, Miss Kearney has been active

in many Bible Camps and Youth Camps including the New England Fellowship of Evangelicals in Rumney, New Hampshire, Honey Rock Camp, Pioneer Girls' Camp, and Canadian Intervarsity.

In regard to her reason for going into Christian Education Miss Kearney says: "The Lord put His hand upon me several years ago and brought me out of Roman Catholicism and by His grace gave me salvation through His Son Jesus Christ! He has been gracious in the lessons He has taught me and the experiences He has given me.

"I feel that there is a great need today for Christian teachers. As I seek to serve Him at Cedarville He has given me one verse in particular to use as a guide in the work done for Him. Zech. 4:6, 'Not by might, nor by power, but by my Spirit saith the Lord of Hosts.'"

ENDOWMENT

Endowment is essential to financial stability according to many who examine the operation of a college. Cedarville is building an endowment. No one individual, church, or foundation has contributed large sums, but a number of small contributions have served to begin this important fund.

Recently a number of gifts have been designated for endowment. During the past year one of our faithful trustees, Mr. William Patterson, gave \$960.00 to the college. This was matched by his employer, The Cleveland Electric Illuminating Company. A local concern contributed \$500 toward endowment. Sears, Roebuck and Company presented
